

**Class name:** Network Information Systems

**Course:** Informatics Engineering

**Date:** 19-10-2022, year 2022-23

**Deadline:** 07-11-2022, 23:59

**Exercise no. 2**

Do you remember exercise no. 1 (HTML)?

In this exercise is pretended that your online resume be user friendly, responsive and adaptable to all screens and devices.

Notice that this is your's online resume for software houses, recruiters and talent acquisitions to know you.

You need to apply what you learned in teorical classes like CSS and bootsrap.

**Note:** In this exercise will be evaluated the HTML structure with the CSS.

Good luck,

António José Viana

Marcelo Antunes Fernandes
